A LEVEL DESIGN TECHNOLOGY  
A Pocket Park for the community  
where there isn't a park in a 10minute  
radius.

Client: Faversham Council.  
Tim Stonor - Space Syntax.

**YEAR ONE BUILDING PROJECT :  
A HEARTCENTRE FOR THE FISHING VILLAGE**

Positioned at the heart of the Stade's network of avenues, this community centre creates a shared third space for fishermen and their families. It offers connection and rest, whilst softening the palpable divide between the fishermen and those passing by. A planted rooftop terrace forms a public space overlooking the event area adjacent, drawing people in with curiosity of the sea views and a raised perspective over the Stade. This shift in view reframes the site not as an isolated pocket, but as a space of rhythm, gathering and life.

## LOCATION IN LONDON

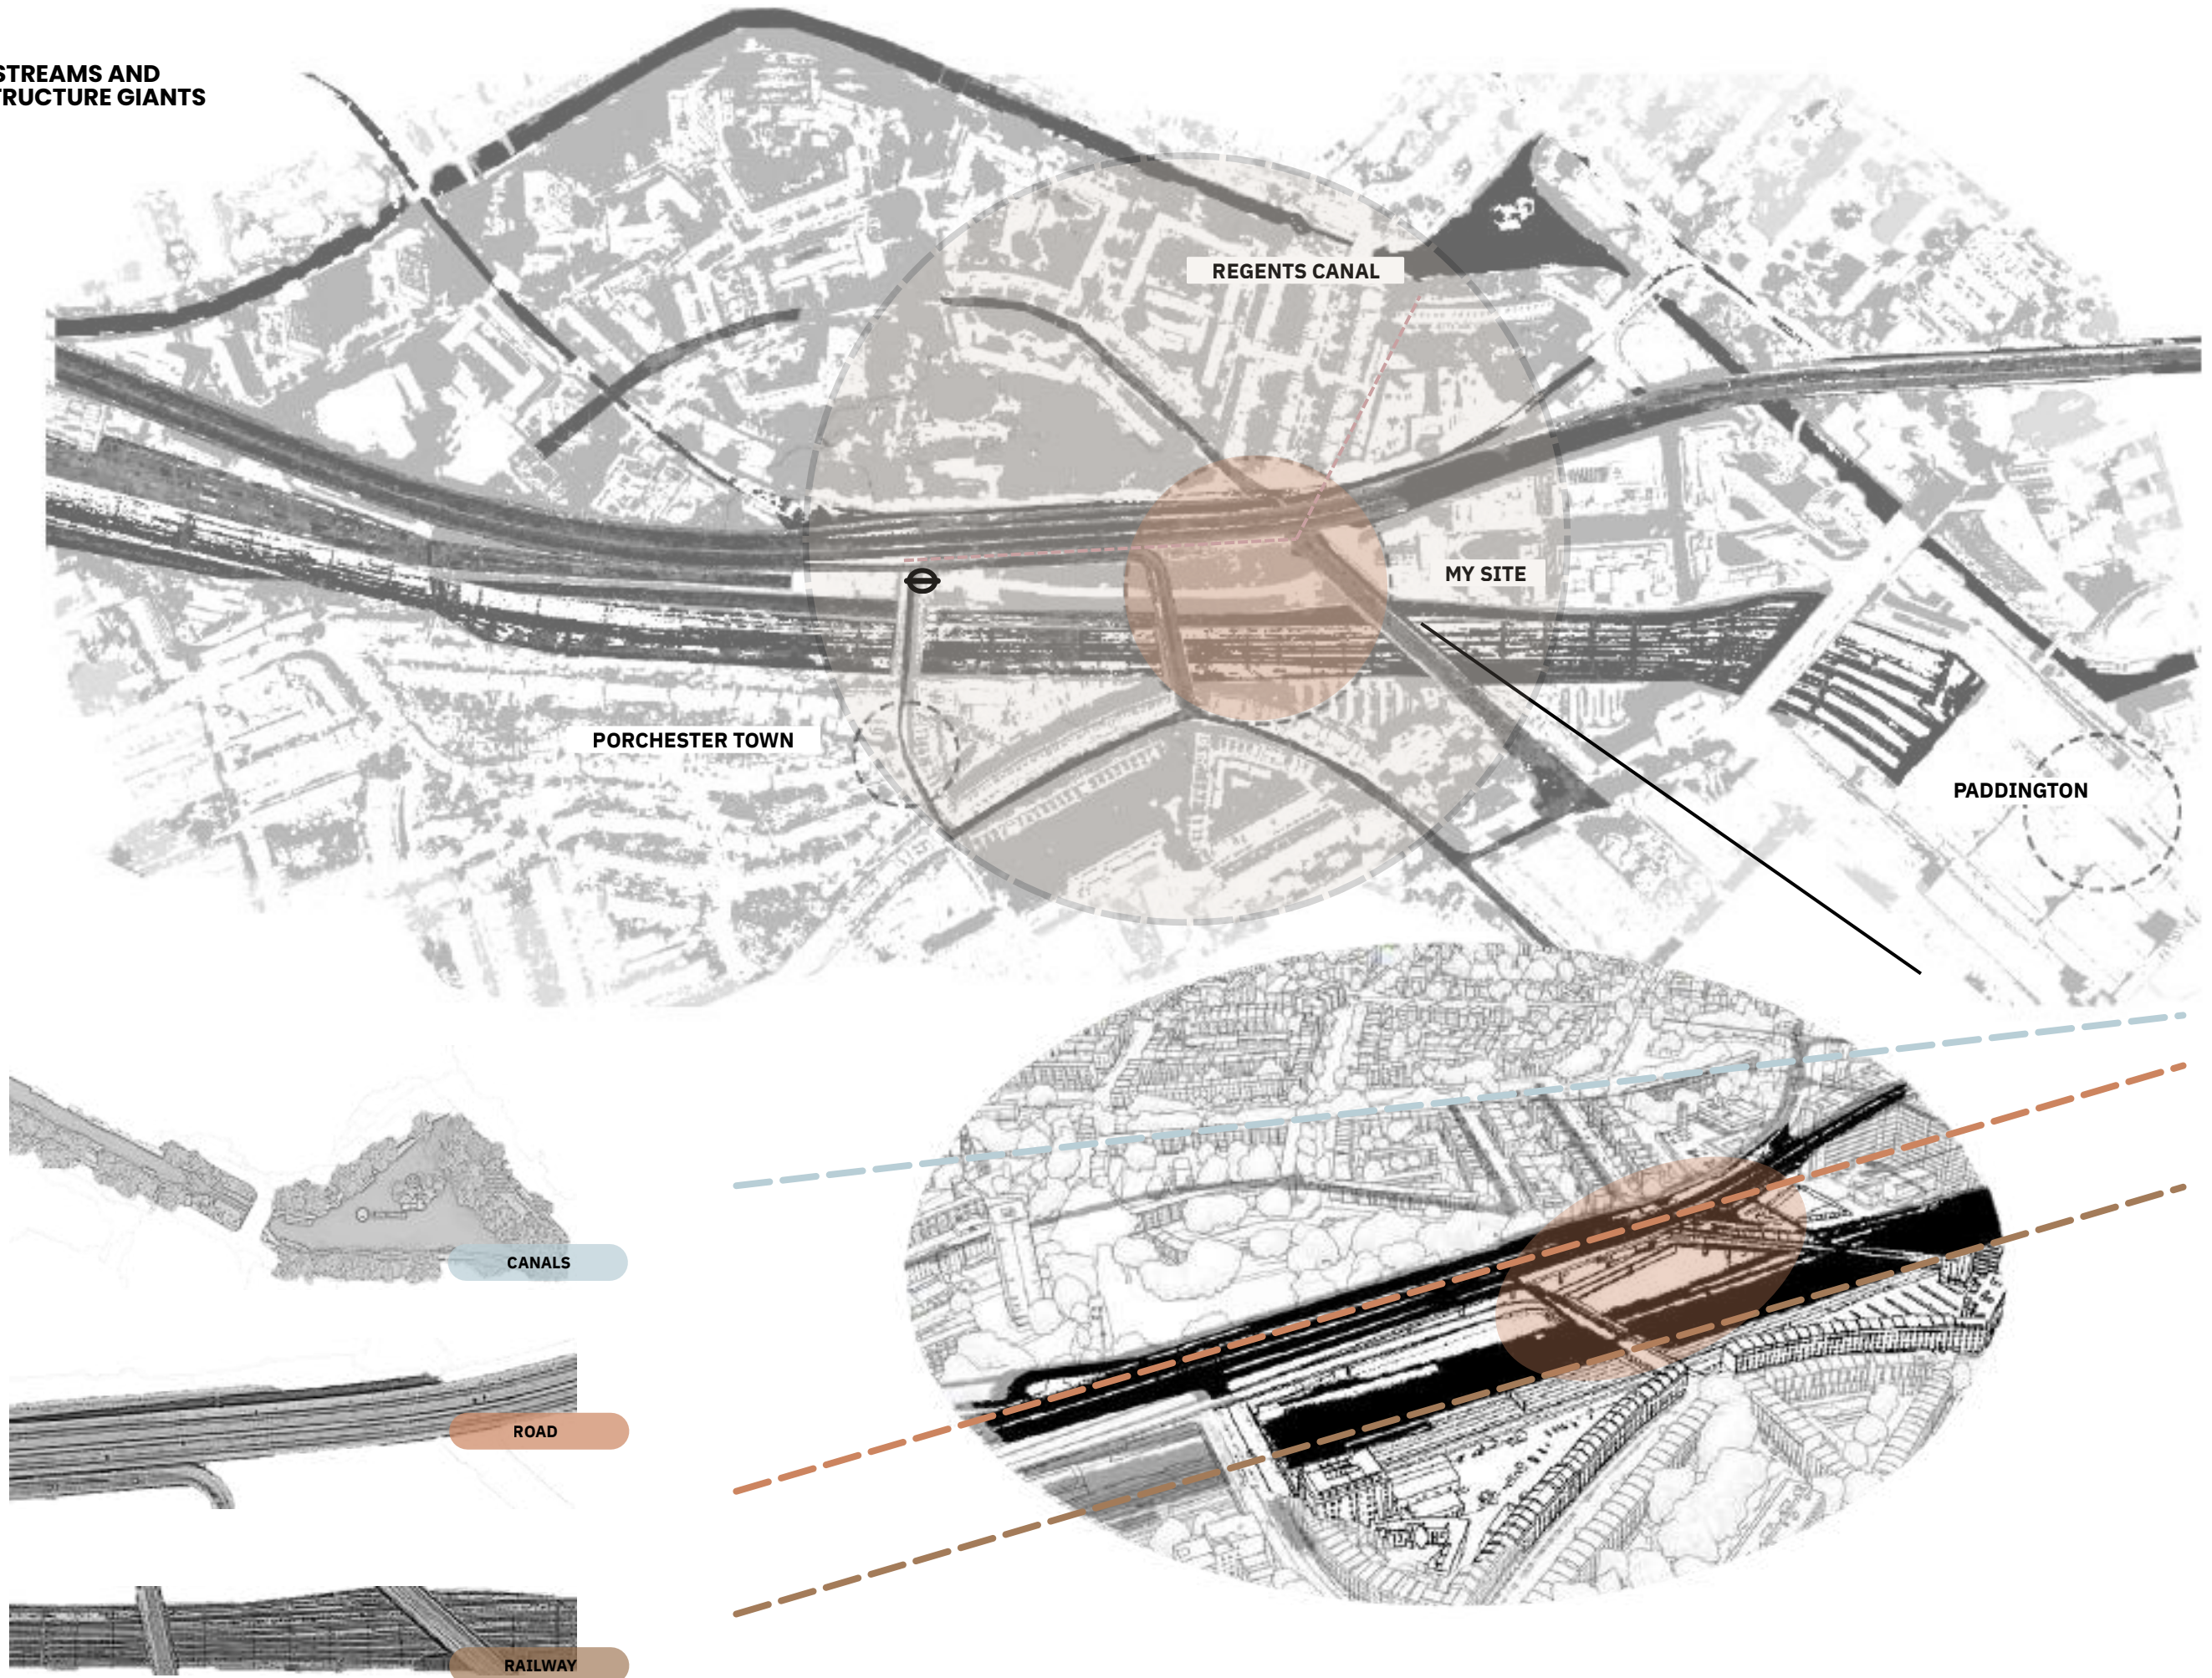

## LOCATION IN SITU

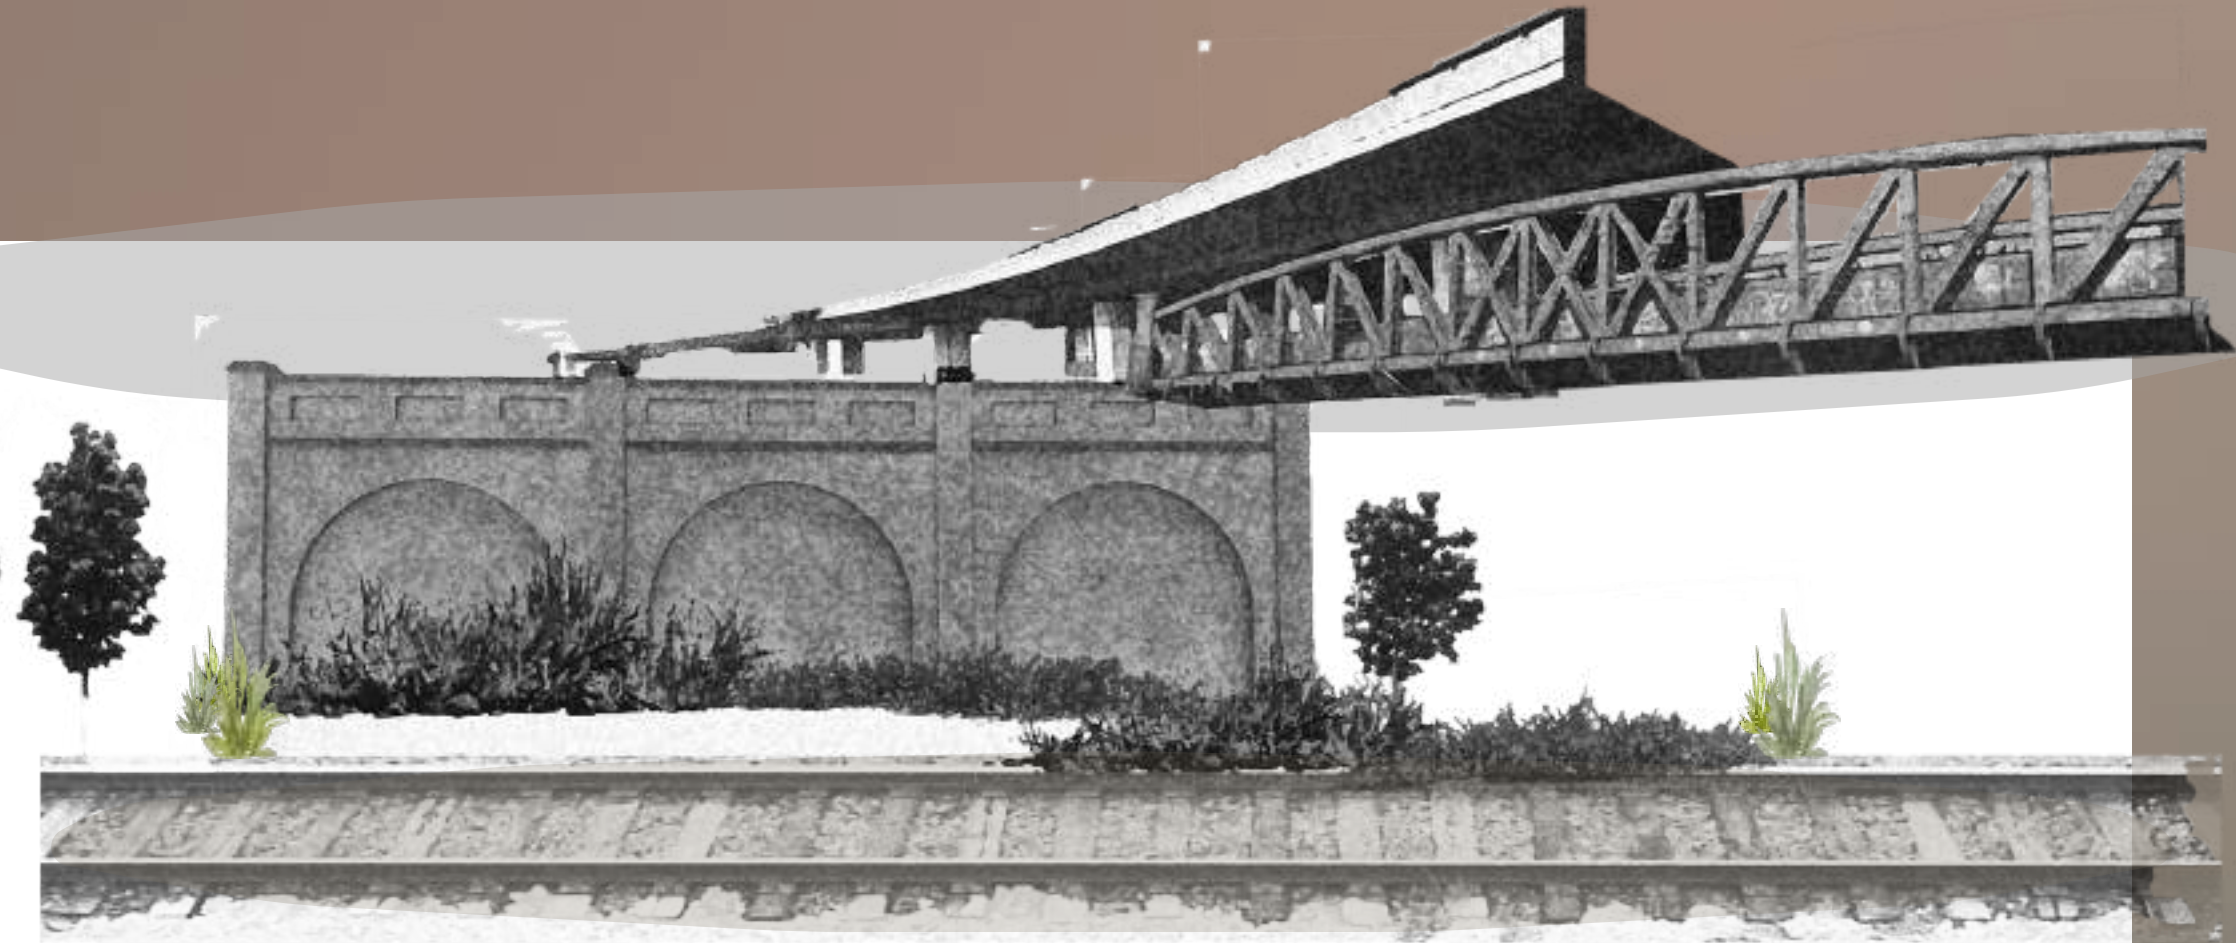

## THE WAYLEAVE

A TEMPORARY RIGHT OF WAY, COMMONLY USED FOR INFRASTRUCTURE, BUT IN OUR CASE, BUILDING A COMMUNITY. A NODE OF REST AND . A PLACE FOR ALL WITH BEDS, ACTIVITY, EDUCATION AND PEOPLE.

**WASTE STREAMS AND  
INFRASTRUCTURE GIANTS**

THIS IS THE CURRENT FEEL OF THE SPACE. IT IS A FISHBOWL OF VICTORIAN ARCHITECTURE.

**WASTE STREAMS AND INFRASTRUCTURE GIANTS**

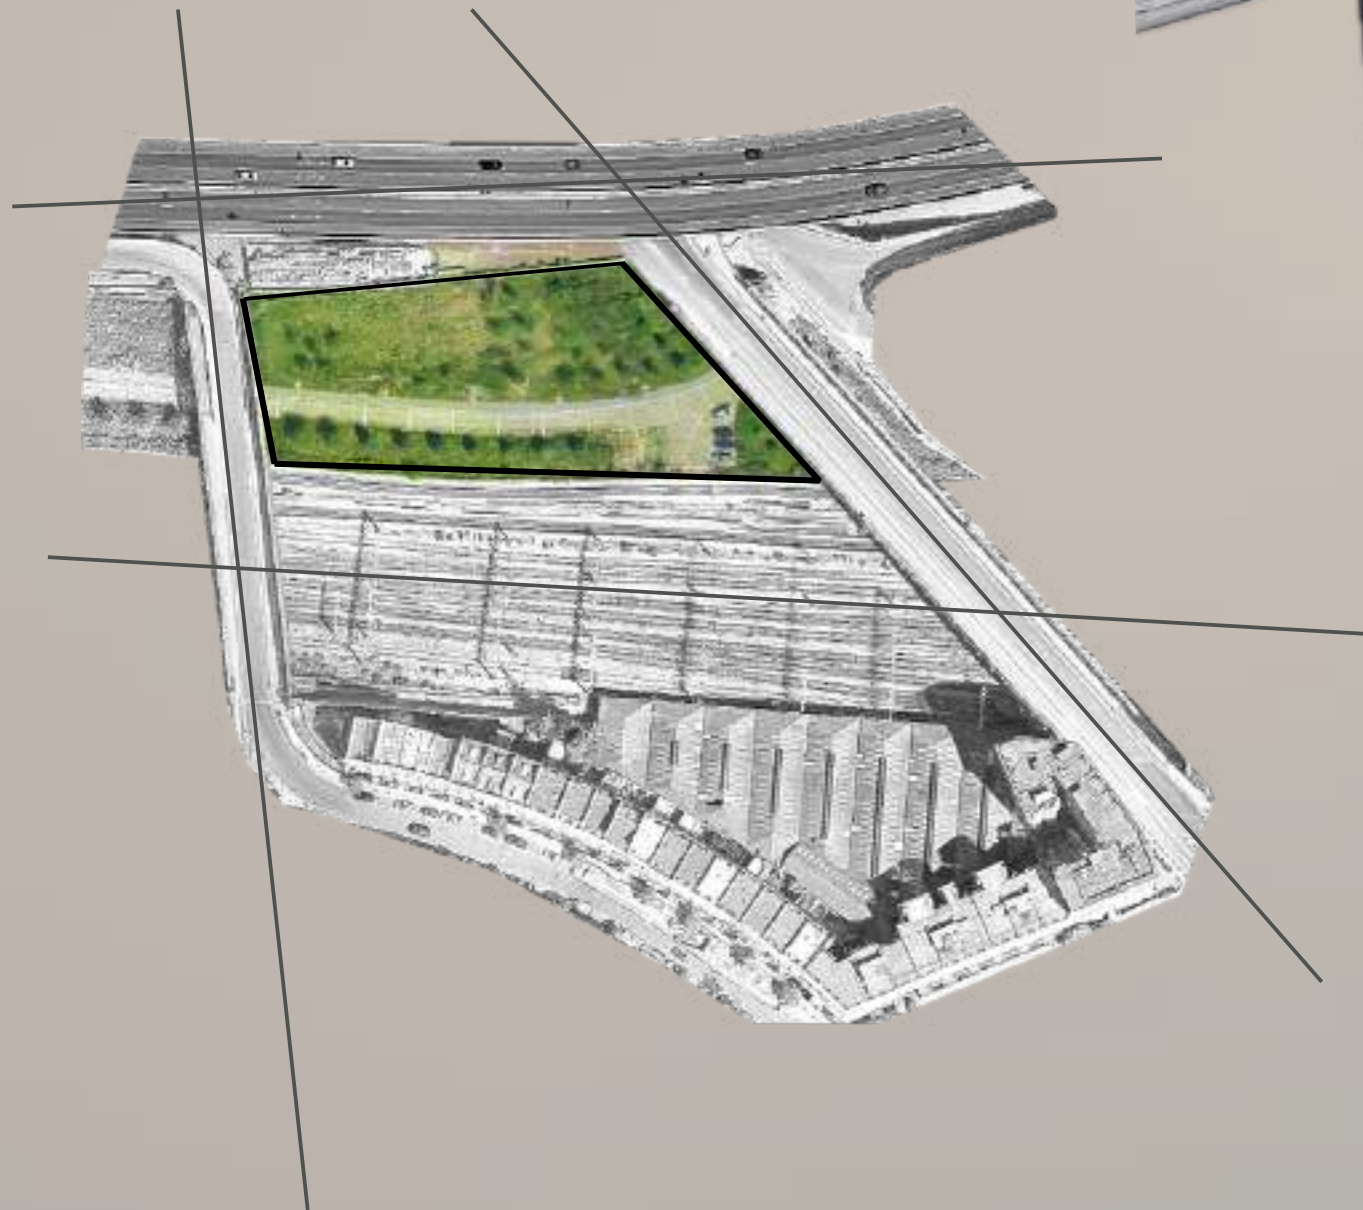

**GREEN CORRIDORS**

**DIVISION OF HOUSES & HDI INDEX**

**SITE IS A FISHBOWL**

**HOMELESS COMMUNITY FOCUSED THIRD SPACE, CULTIVATING SHARED EDUCATION, SKILLS & WARMTH**

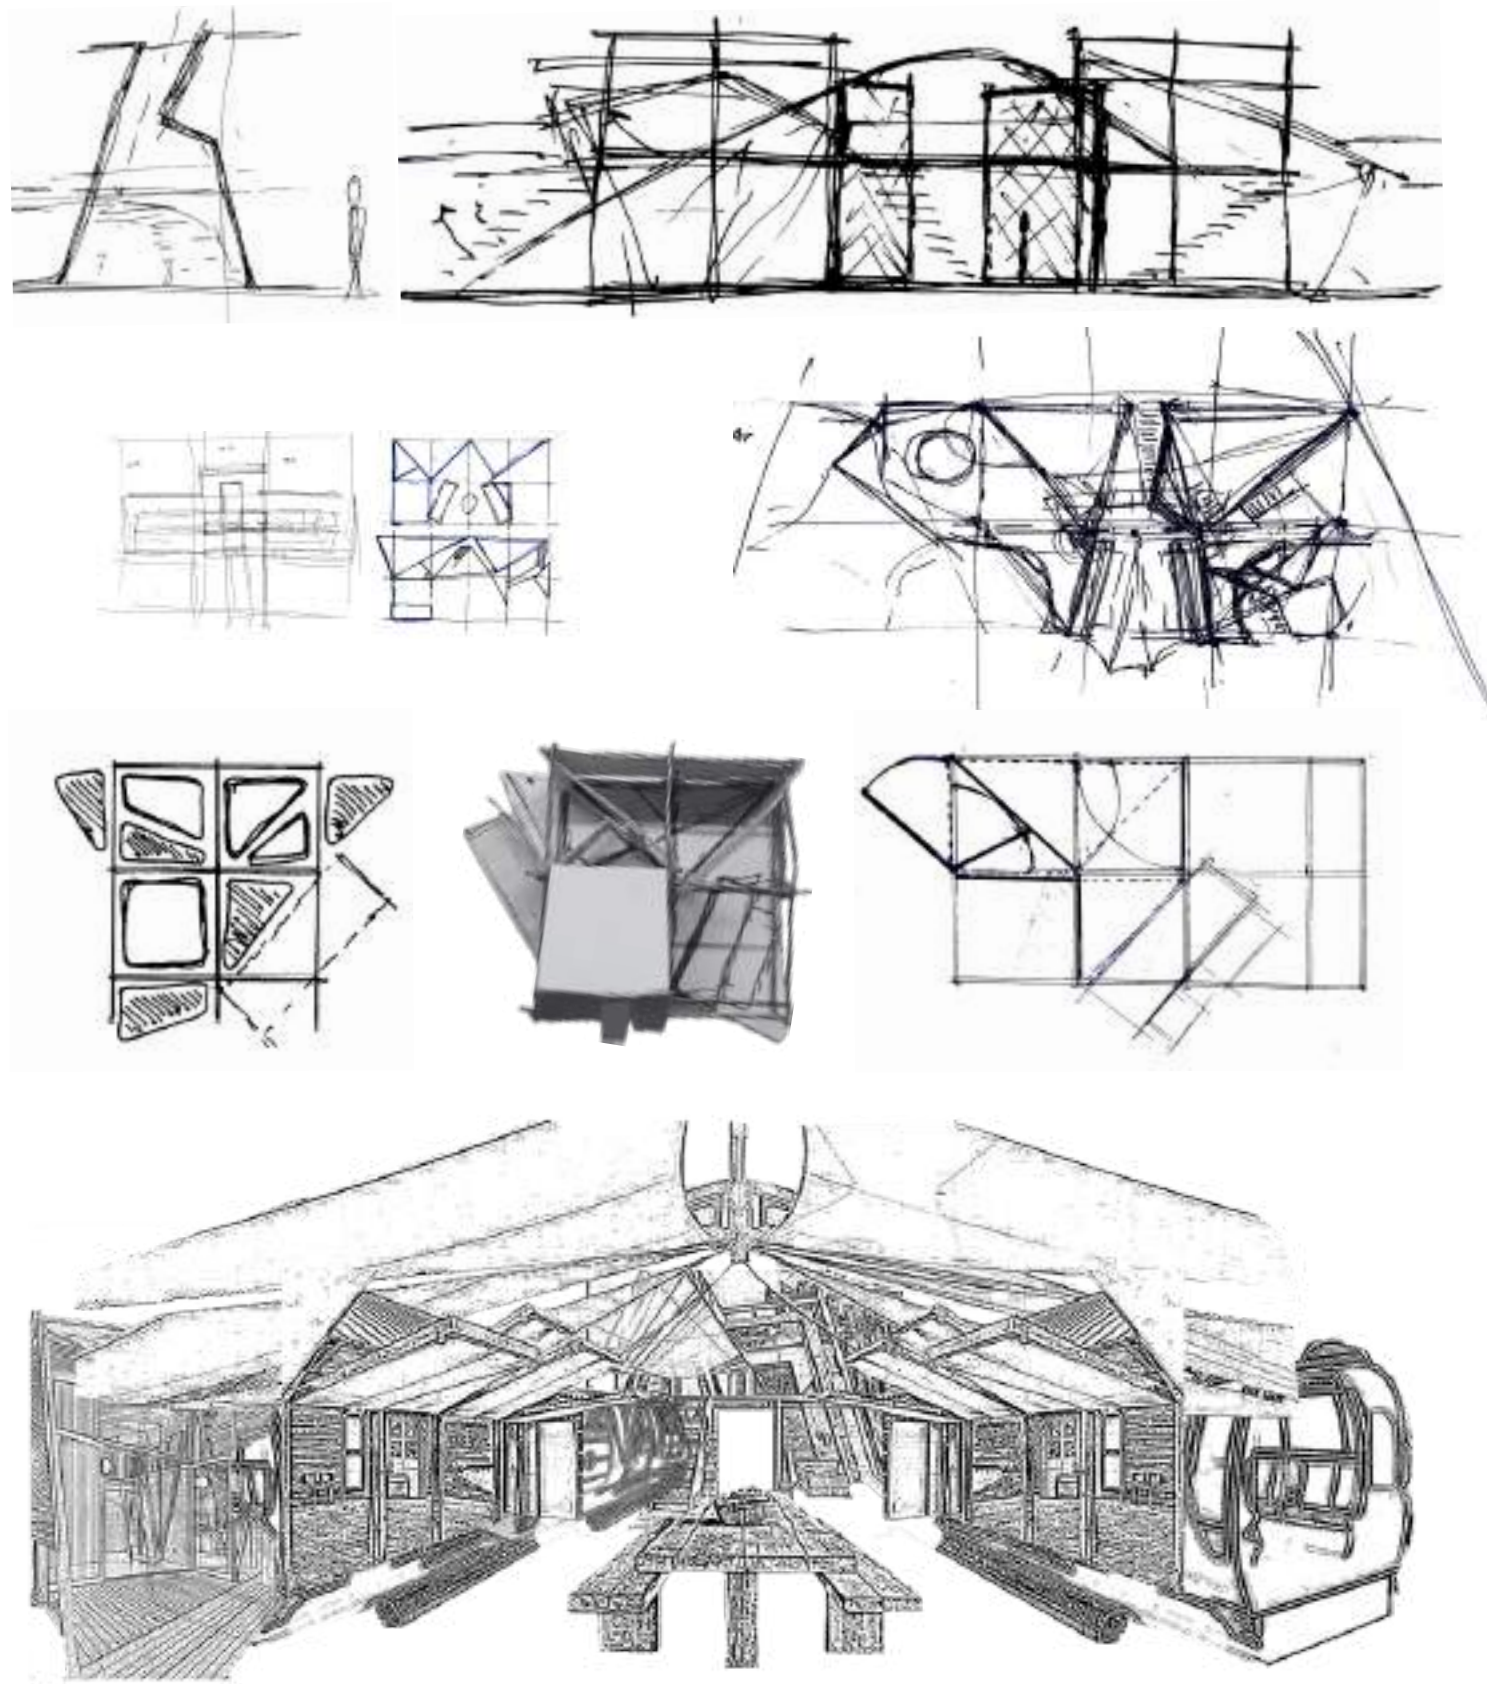

**SEASONAL OPERATES OCT-APR**

**LIMITED BED CAPACITY - DEMAND**

**LOW PRIVACY AND STABILITY**

**TEMPORARY SPACES, ONLY NIGHT**

**IDEA ITERATION AND DEVELOPMENT OF THE SPACE**
